We invite applications for the position of **Project Assistant I** for a STEM education research project based at IIT Gandhinagar, but physically located in a city in Uttar Pradesh or with intermittent travel to IIT Gandhinagar.

<b>Project Title</b>	Center for Creative Learning
<b>Name of Post</b>	Project Assistant - I
<b>No. of vacancies</b>	2 positions
<b>Monthly Pay</b>	Rs 28,000/- to 44,000/- depending on the candidate
<b>About the Project</b>	<p>The Curiosity Program was designed to nurture the inherent curiosity of the girls belonging to the 746 Kasturba Gandhi Balika Vidyalaya (KGBV) schools in <b>Uttar Pradesh</b>. The program exposes students to the science of the world around them through making toys and models and doing experiments. The whole program was based on three pillars:</p> <ol style="list-style-type: none"><li>1. A curiosity box collated with raw material of thought provoking toys and materials was delivered to every KGBV school in UP.</li><li>2. The team developed 100 engaging and conceptual video modules on learning science using various toys, models and experiments .</li><li>3. Of utmost importance is the continuous engagement and interaction between the girls and teachers, and our team at CCL. This was accomplished through 45 biweekly online sessions attended by over 600 schools on average.</li></ol> <p>The girls in these schools belong to socially and economically disadvantaged communities and have meager access to resources. The infrastructure set up of the schools for the sessions also varied, from having only mobile phones to even LCD screens.</p> <p>The program is now in the second year of execution and we are now also working with 173 KGBV schools of <b>Gujarat</b> and approximately 400 schools in <b>Telangana</b>. <b>We are interested in continuously monitoring the effects of the program in the field, evaluating its impact and improving the intervention. In order to achieve these goals, we have the following positions open within this project:</b></p>
